Current Procedure of Amendment of the Charter of the Massachusetts Institute of Technology

The Institute is now subject to the provisions of chapter one hundred and eighty of the General Laws, which sets forth the statutory provisions governing corporations organized for charitable purposes. Pursuant to section seven of this chapter the Institute may authorize any amendment of its articles of organization, including a change in its corporate purposes or an amendment to the provisions governing the management of its internal affairs, by vote of two-thirds of the persons legally qualified to vote in meetings of the Corporation at a meeting duly called for the purpose, all as more fully set forth in section seven. Any amendment of the specific provisions setting forth the relationship between the Institute and the Commonwealth, such as the provisions with respect to *ex officio* membership of certain public officers on the Corporation, may require a petition to the General Court for legislation which must include a statement setting forth why the object sought cannot be accomplished under the General Laws. In accordance with section seven of chapter three of the General Laws and joint rule nine of the General Court, the petition and statement are referred to the Secretary of State, and the Secretary of State reports to the General Court whether or not, in his or her opinion, the object sought may be accomplished under the General Laws or whether such object requires legislation.

Vote Authorizing Massachusetts Institute of Technology to Invest in or Accept Gifts of Property in a Limited Partnership or Partnership

The Corporation shall have and may exercise in furtherance of its corporate purposes the power to be a partner in any enterprise which it would have power to conduct by itself, provided that no such power shall be exercised in a manner inconsistent with Chapter 180 or any other chapter of the General Laws of the Commonwealth of Massachusetts.
